Consolidated Peer Evaluation Form

Class Code: __9347____Group #: _____DataMites__Schedule (Time and Days): _____MTH 8:30 - 9:30 AM Activity: Final Project

##	Names of Group Members (family name first)	Criteria					T	Remarks
		C1	C2	C3	C4	C5		
	Camza, Aeronn Charles	5	5	5	5	5	25	Worked what is provided and take initiative for opportunities to improve and add to the development of our research
	Decena, Joaquin Raphael	5	5	5	5	5	25	Has a keen eye for spotting errors
	Isabelo, Derek	5	5	5	5	5	25	Provides valuable contribution to our research which entails organized and flow-driven processes for project development
	Lo, Justin Louie K.	5	5	5	5	5	25	Communicates the missing parts of the research and therefore contribute fully for the project development
	Reyes, Hans Lloyd	5	5	5	5	5	25	Reviewing the documentation and helping on the theoretical, thematic writing, and different processes for the paper
	Opalec, Xerxes Kyron	5	5	5	5	5	25	Reliable and works on time.

We, the undersigned, attest to the objectivity of the foregoing evaluations.

Evaluators:

Camza, Aeronn Charles

[signature(s) over printed name(s)/date signed]

Decena, Joaquin Raphael

[signature(s) over printed name(s)/date signed]

Isabelo, Derek

[signature(s) over printed name(s)/date signed]

Lo, Justin Louie

[signature(s) over printed name(s)/date signed]

Reyes, Hans Lloyd

[signature(s) over printed name(s)/date signed]

Opalec, Xerxes Kyron

Member (**Signature over Printed Name**)	**Detailed description** of the member's **SIGNIFICANT CONTRIBUTION/S (This should substantiate the % contribution)**	**% Contribution**
Camza, Aeronn Charles	Introduction, Review of Related Literature Contributed to the Methods Contributed to Results and Discussion Conclusion Contributed in making the Presentation Slides	16%
Decena, Joaquin Raphael	Contributed on: Data preprocessing section of the paper Results and Discussion section of the paper Presentation slides and script	16%
Isabelo, Derek	Data preprocessing section of the paper Video editor Data collection section of the paper	16%
Lo, Justin	Mostly worked at the data preprocessing and collection for RSMC Video presentation Presentation slides and script	16%
Reyes, Hans Lloyd	Created a model to predict the arrival of the cyclone and its landfall Trained the model Collected and pre-processed the data for the indian cyclone Contributed on the RSMC model and provides contribution on plotting the data points to the real-world map Contributed on writing the model *evaluations*, *results*, *conclusions*, *discussions*, and *parts of the methodologies.*	18%
Opalec, Xerxes Kyron	Created the model for the RSMC and pre-processed the RSMC Japan dataset to be utilized the model Trained and interpreted the output of the model Writes some parts of the results, discussions, methodologies, and introduction of the paper	18%
